Amendments to the investment policies of several sub-funds of Franklin Templeton Investment Funds

Dear Shareholder,

We would like to let you know that the board of directors of Franklin Templeton Investment Funds (the "Company") has decided to amend the investment policies of the Templeton Euroland Fund, Templeton Global Fund, Templeton Global Climate Change Fund, Templeton Global Equity Income Fund and Templeton Growth (Euro) Fund (the "Funds").

Why we are making these changes

These changes will enable the Funds to use financial derivative instruments for investment purposes. These will become effective as from November 6, 2020. Detailed descriptions of the revised investment policies are included in the Appendix of this letter.

What you need to do

You do not need to do anything if you are satisfied with the changes. You also have the option to switch your shares into other funds of the Company provided that such funds are available for distribution in your country. You may also request a redemption of your investment. Should you wish to proceed with either option, please refer to the latest Prospectus terms. Such requests of switch or redemption will be executed free of charge, provided that they are received at the latest by November 6, 2020. Please note that "free of any redemption charge" does not apply to the contingent deferred sales charge ("CDSC") for all classes subject to such CDSC, due to the nature of such fee.

Best Regards,
