Dear Shareholder,

Schroder International Selection Fund (the "Company") – Global Gold (the "Fund")

We are writing to inform you that the Fund's target benchmark, contained in the investment objective, has changed from:

Target: FTSE Gold Mines Index

To

Target: FTSE Gold Mines UCITS capped index

Background and rationale

The current target benchmark has a concentrated allocation to large companies which is not appropriate for the Fund due to regulatory limits. The new target benchmark factors in UCITS limits and is therefore a better target benchmark against which to assess the Fund's performance.

All other key features of the Fund, including the investment strategy and policy as well as the relevant risk indicator and fees, will remain the same.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's Prospectus at www.schroders.com.

If you have any questions or would like more information about Schroders' products please visit www.schroders.com or contact your local Schroders office, your usual professional adviser, or Schroder Investment Management (Europe) S.A. on (+352) 341 342 202.

Yours faithfully,

The Board of Directors

親愛的股東：

施羅德環球基金系列（「本公司」）- 環球黃金（「本基金」）

我們茲致函通知您，本基金載於投資目標的目標指標已由：

原目標指標： FTSE Gold Mines index

更改為

新目標指標： FTSE Gold Mines UCITS capped index

相關更改的完整詳情載於本函件的附錄。

背景與原因

目前的目標指標的配置集中於大型公司，而由於監管限制，其並不適合本基金。新的目標指標將 UCITS 限制納入考慮，因此對於評估本基金表現而言是一個較佳的目標基準。本基金的所有其他主要特點（包括投資策略及政策、本基金的營運及／或管理方式以及風險概況及費用）將維持不變。

Dear Shareholder,

Schroder International Selection Fund (the "Company") – European Special Situations (the "Fund")

We are writing to inform you that the Company's prospectus has been updated to reflect that the Fund's performance fee no longer applies, and has not been applied since 21 September 2023.

Background and rationale

The Company's prospectus provided that the following performance fee would apply to the Fund:

"15% of the outperformance over MSCI Europe Net TR, subject to a High Water Mark as per the methodology in section 3.1. Performance fee will be applied to all Share Classes except the I Shares"

Following a review of the Fund it was decided that such a performance fee was not in line with the broader market and therefore we believe that removing it provides greater scope for attracting new investors and potentially growing the assets under management.

The extent of the change to the risk/reward profile of the Fund as a result of this change is non-significant.

All other key features of the Fund, including the relevant risk indicator and other fees, will remain the same.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's Prospectus at www.schroders.com.

親愛的股東：

施羅德環球基金系列（下稱「本公司」）－歐洲精選時機股票（下稱「本基金」）

本公司謹致函通知您，本公司已更新其公開說明書，以反映本基金已不適用績效費，且自2023年9月21日起即不再適用。

背景與原因

本公司原公開說明書規定，本基金應適用以下績效費：

「超出MSCI Europe Net TR表現的15%，惟須符合3.1節下有關高水位的方法。績效費適用於I股以外的所有級別。」

本公司對本基金進行審視後，認定收取該績效費與廣大的市場做法並不相符，因此本公司認為，取消該績效費應可創造更多機會吸引新投資人，並可望提升管理資產的規模。

本基金的風險／回報概況並不會因上述變更而有顯著變化。本基金的所有其他主要特性，包括相關風險指標及其他費用，將維持不變。

Dear Shareholder,

Schroder International Selection Fund (the “Company”) – European Dividend Maximiser (the “Fund”)

We are writing to advise you that the Fund’s investment policy and Article 8 Pre-contractual disclosure in Appendix IV of the Company’s prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288 has been updated to clarify how the Fund’s carbon commitment is monitored.

Background and rationale

The Fund is classified as Article 8 under the Sustainable Finance Disclosure Regulation (SFDR) and implements its investment policy by focusing on income generating European companies. In implementing the policy, the Fund also aims to maintain a sustainability score higher than the MSCI Europe (Net TR) Index and, prior to this clarification, a carbon exposure below that of the MSCI Europe (Net TR) index. We wish to provide greater clarity on the assessment of the carbon commitment by specifying that the Fund maintains a carbon intensity below that of the MSCI Europe (Net TR) index, rather than a carbon exposure, so the wording has been adjusted to reflect this. We have also clarified in the pre-contractual disclosure that the metric used to measure the carbon intensity is Weighted Average Carbon Intensity (WACI).

There are no other changes to the Fund’s investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

Full details of the changes being made can be seen in Appendix 1 to this letter.

You can find the Fund’s updated key information document (the KID) for the relevant share class and the Company’s Prospectus at www.schroders.com.

親愛的股東：

施羅德環球基金系列（「本公司」）- 歐洲股息基金（「本基金」）

我們茲致函通知您，本基金的投資政策及本公司公開說明書附件 IV 中根據《永續金融揭露規則》（SFDR）及執委會授權規例（EU）2022/1288 載列的第 8 條締約前揭露文件已作出更新，以闡明監察本基金碳承諾的方式。

背景資料和原因

本基金獲分類為 SFDR 項下的第 8 條，並透過專注於創造收益的歐洲公司以實行其投資政策。在實行投資政策時，本基金亦旨在維持高於 MSCI Europe (Net TR) index 的永續性評分，並在作出此澄清前，將碳暴露量維持低於 MSCI Europe (Net TR) index。我們希望更具體地說明本基金維持碳強度（而非碳暴露量）低於 MSCI Europe (Net TR) index，以更清晰地說明對碳承諾的評估，因此相關措辭字眼已作出調整以反映此點。我們亦於締約前揭露文件中作出澄清，說明用於衡量碳強度的指標是加權平均碳強度（WACI）。

作出此等更改後，本基金的投資風格、投資理念、投資策略，以及本基金的營運及／或管理方式不會有任何其他變更。

本基金的所有其他主要特點（包括風險概況及費用）將維持不變。

相關更改的完整詳情，請參閱本函附錄。

Dear Shareholder,

Schroder International Selection Fund (the “Company”) – US Smaller Companies Impact (the “Fund”)

We are writing to advise you that the Fund’s investment objective, policy, sustainability criteria and Article 9 Pre-contractual disclosure in Appendix IV of the Company’s prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288 have been updated and enhanced to better reflect the impact investment process. In addition, the S&P Smaller Cap 600 (Net TR) Lagged Index comparator benchmark has been removed.

Background and rationale

Updates to investment objective, policy and sustainability criteria

The Fund is classified as Article 9 under the Sustainable Finance Disclosure Regulation (SFDR) and invests in sustainable investments, which are investments that are expected to contribute towards the advancement of an environmental or social objective linked to one or more of the UN SDGs. The Fund also holds investments that the Investment Manager deems to be neutral under its sustainability criteria, such as cash and money market investments and derivatives used with the aim of reducing risk (hedging) or managing the Fund more efficiently. The Fund is part of Schroders’ Impact Driven strategies. As such, it applies highly selective investment criteria and references to reflect this impact investment process have been added to the investment objective, investment policy, sustainability criteria and the pre-contractual disclosure.

Removal of comparator benchmark

The Fund transitioned from SFDR Article 8 to SFDR Article 9 on 16 August 2022. The S&P Small Cap 600 (Net TR) Lagged Index was a comparator benchmark of the Fund before this transition, as this benchmark was appropriate when using the sustainability scoring system for Article 8 accreditation. However, following the transition of the Fund to Article 9, the Fund no longer applies a sustainability scoring method and the S&P Small Cap 600 (Net TR) Lagged Index is no longer relevant as a comparator.

Full details of the changes being made can be seen in Appendix 1 to this letter.

There are no other changes to the Fund’s investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

You can find the Fund’s updated key information document (the KID) for the relevant share class and the Company’s Prospectus at www.schroders.com.

<p>The Fund is actively managed and invests its assets in (i) sustainable investments, which are investments that the Investment Manager expects to contribute towards the advancement of an environmental or social objective linked to one or more of the UN SDGs, and to deliver returns to shareholders over the long term (please see the Fund Characteristics section for more details), and (ii) investments that the Investment Manager deems to be neutral under its sustainability criteria).</p> <p>The Investment Manager will select companies from a universe of eligible companies that have been determined as meeting the Investment Manager’s impact criteria. Investments are composed of companies whose products and services contribute positively to at least one of the UN SDGs. In order to identify companies with a direct link to a UN SDG, the Investment Manager applies a two step approach:</p>

<p>The second type are companies that are already generating revenues that have an impact, but do not articulate or highlight that impact. These are companies the Investment Manager can identify due to its deep understanding of the US Small Cap universe where it sees a re-rating opportunity. In so doing the companies can better articulate and become more transparent about their impact opportunity. This is expected to be the largest group in the Fund’s portfolio.</p> <p>The third type will tend to have the lowest level of revenue link. These are companies who require a business model transition in order to survive. These are companies the Investment Manager believes have the ability and desire to transition and where it sees the ability to help guide such companies on that journey. Each investment must have some revenue linking to an UN SDG. Based on where the investment falls within the three types the level of linked revenue will vary.</p> <p>The Investment Manager ensures that at least 90% of the portion of the Fund’s Net Asset Value composed of investments in companies is rated against the sustainability criteria. As a result of the application of sustainability criteria, at least 20% of the Fund’s potential investment universe is excluded from the selection of investments.</p> <p>For the purposes of this test, the potential investment universe is the core universe of issuers that the Investment Manager may select for the Fund prior to the application of sustainability criteria, in accordance with the other limitations of the Investment Objective and Policy. This universe is comprised of equity and equity related securities of small-sized US companies or companies which derive a significant proportion of their revenues or profits from small-sized US companies.</p>	<ul style="list-style-type: none"> • The first is a revenue based approach that considers whether a certain percentage of the relevant company’s revenues, capital expenditure or operating expenditure contributes to an environmental or social objective (as applicable). • The second is a detailed impact assessment of the company via the completion of a proprietary impact scorecard. The Investment Manager considers different aspects of impact such as: what outcome and UN SDGs the company is contributing to; who is served by the outcome (such as the relevant stakeholder or industry); an assessment of our expected contribution (including Schrodgers influence and engagement); and consideration of impact risks. The assessment typically includes Key Performance Indicators (KPIs) that are used to track the company’s impact over time. <p>The company and impact scorecard are then validated and approved by Schrodgers’ Impact Assessment Group (IAG), in order for the company to be eligible for inclusion in the Fund’s investible universe. The IAG consists of members from Schrodgers’ impact and sustainable investment teams and members of the investment team. There may be some limited instances where step 2 and the IAG approval may follow subsequently (such as a particularly time sensitive investment).</p> <p>The Investment Manager has identified three types of companies that will make up typically be considered for inclusion in the portfolio.</p> <p>The first type are highly innovative companies whose business model solves a direct need within the UN SDGs. <p>The Fund’s performance should be assessed against its target benchmark being to exceed the Russell 2000 Lagged (Net TR) index and compared against the Morningstar US Small-Cap Equity Category and the S&P Small Cap 600 Lagged (Net TR) index. The comparator benchmark is only included for performance comparison purposes and does not determine how the Investment Manager invests the Fund’s assets. The Investment Manager invests on a discretionary basis and there are no restrictions on the extent to which the Fund’s portfolio and performance may deviate from the target benchmark or the S&P Small Cap 600 Lagged (Net TR) index. The Investment Manager will invest in companies or sectors not included in the target benchmark or the S&P Small Cap 600 Lagged (Net TR) index in order to take advantage of specific investment opportunities.</p> <p>The target benchmark has been selected because it is representative of the type of investments in which the Fund is likely to invest and it is, therefore, an appropriate target in relation to the return that the Fund aims to provide. 2024年4月10日

親愛的股東：

施羅德環球基金系列（「本公司」）-美國小型公司影響力（「本基金」）（原名稱：施羅德環球基金系列-美國小型公司）

我們茲致函通知您，本基金的投資目標、政策、永續性標準及本公司公開說明書附件 IV 中根據《永續金融揭露規則》（SFDR）及執委會授權規例（EU）2022/1288 載列的第 9 條締約前揭露文件已作出更新及加強，以更佳地反映影響力投資流程。此外，本基金的比較指標 S&P Smaller Cap 600 (Net TR) Lagged index 已被移除。

背景與原因

投資目標、政策及永續性標準更新

本基金被規類為 SFDR 項下的第 9 條，投資於永續投資，這些投資預計將有助於促進一項或多項聯合國永續發展目標相關的環境或社會目標。本基金亦持有投資經理根據其永續性標準認為是中性的投資，例如現金及貨幣市場投資以及旨在用作減低風險（避險）或更有效地管理本基金的衍生性商品等。本基金是施羅德影響力驅動策略的一部分。因此，本基金採用具嚴格篩選的投資標準，並在投資目標、投資政策、永續性標準及締約前揭露文件添加了反映此項影響力投資流程的參考資料。

移除比較指標

本基金於2022年8月16日從SFDR第8條轉型至SFDR第9條。S&P Small Cap 600 (Net TR) Lagged index是本基金在轉型之前的比較指標，因為在使用永續性評分系統進行第8條認證之情況下，該指標為適當的指標。然而，在本基金轉型至第9條後，本基金不再採用永續性評分方法，且S&P Small Cap 600 (Net TR) Lagged index不再適合作為比較指標。

相關更改的完整詳情，請參閱本函附錄。

本基金的投資風格、投資理念、投資策略以及本基金的營運及／或管理方式在上述變更後不會有任何其他變更。

本基金的所有其他主要特點（包括風險概況及費用）將維持不變。

為了辨識與聯合國永續發展目標有直接連結的公司，投資經理人使用專屬的篩選工具，以對應公司營收與聯合國永續發展目標。該工具將公司營收區分為數個與聯合國永續發展目標相連結的不同類別。當投資經理人使用該工具評估個別公司時，該工具亦能使其在合併投資組合的層面，衡量連結到永續發展目標的整體營收。投資經理人已辨識出三種類型公司來建構投資組合。

第一種類型為高度創新的公司，其商業模式解決了永續發展目標中的直接需求。這些是成長型公司，其對永續發展目標差距所提供的解決方案可以被進一步擴增。

第二種類型為已經產生具影響力之營收，然並未明確傳達或強調該影響力的公司。這些公司是投資經理人基於其對美國小型股領域的深入瞭解而可以辨識的公司，且投資經理人認為該等公司具有獲得被市場重新評等的機會。如此一來，該類公司得以擁有更佳清楚表達其影響力的機會，且這方面亦會更透明。此類型的公

境或社會目標（如適用）有貢獻的若干百分比。

- 步驟二是透過完成專屬的影響力記分卡對公司進行詳盡的影響力評估。投資經理人考慮影響力的不同方面，例如：公司正在針對哪些成果和聯合國永續發展目標作出貢獻；有關成果的服務對象（例如有關利益相關者或行業）；對我們預期貢獻的評估（包括施羅德的影响力和參與度）；以及影響風險的考慮。評估通常包括用於持續追蹤公司的影響力的關鍵績效指標(KPI)。

公司和影響力記分卡繼而由施羅德影響力評估小組 (IAG) 進行驗證及批准，以便該公司符合資格被納入至本基金的可投資領域。IAG 由施羅德影響力和永續投資團隊的成員以及投資團隊的成員所組成。在部分有限的情況下，步驟二及 IAG 的批准或會在隨後執行（例如針對時間特別敏感的投資）。

Dear Shareholder,

Schroder International Selection Fund (the "Company") – BlueOrchard Emerging Markets Climate Bond (the "Fund")

We are writing to advise you that the Fund's investment objective, policy, sustainability criteria and Article 9 Pre-contractual disclosure in Appendix IV of the Company's prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288 have been updated and enhanced to better reflect the impact investment process.

Background and rationale

The Fund is classified as Article 9 under the Sustainable Finance Disclosure Regulation (SFDR) and invests in sustainable investments, which are investments that are expected to contribute towards combating climate change. The Fund also holds investments that the Investment Manager deems to be neutral under its sustainability criteria, such as cash and money market investments and derivatives used with the aim of reducing risk (hedging) or managing the Fund more efficiently. The Fund is part of Schroders' Impact Driven strategies. As such, it applies highly selective investment criteria, such as cash and money market investments and derivatives used with the aim of reducing risk (hedging) or managing the Fund more efficiently, and references to reflect this impact investment process have been added to the investment objective, investment policy, sustainability criteria and the pre-contractual disclosure.

There are no other changes to the Fund's investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

Full details of the changes being made can be seen in Appendix 1 to this letter.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's Prospectus at www.schroders.com.

<p>Current sustainability criteria</p>	<p>New sustainability criteria</p>

<p>The Investment Manager applies sustainability criteria when selecting investments for the Fund.</p> <p>Issuers are assessed via an ESG and impact analysis, which consists of (1) screening against the International Finance Corporation Exclusion List; (2) an assessment of the issuer's performance on a range of ESG criteria, informed by both internal and external research; (3) an impact assessment of how a company is achieving its sustainable goals based on a proprietary tool and resulting in a rating; and (4) secondary opinion reports produced by third party data providers.</p> <p>Through this assessment, the Investment Manager selects bonds that it classifies as green or renewable in accordance with (1) the Green Bond Principles; and (2) its own impact assessment process. A green bond is a fixed or floating rate security whose proceeds will be applied exclusively to finance or re-finance in part or in full, new and/or existing eligible projects and areas aligned to the four core components of the Green Bond Principles. A renewable bond is a fixed or floating rate security issued by an issuer that the Investment Manager believes aims to support climate action.</p> <p>Both the issuer and the bond are considered in the assessment of sustainability.</p> <p>The sources of information used to perform the analysis include information provided by the companies, such as company sustainability reports and other relevant company material, as well as Schroders' proprietary sustainability tools and third-party data.</p> <p>Due to the nature of its investments, and in particular the need for currency hedging, the Fund may also hold a portion of investments that the Investment Manager deems to be neutral under its sustainability criteria. These may include (but are not limited to) derivatives for hedging purposes, cash and Money Market Investments.</p> <p>The Investment Manager ensures that at least 90% of the portion of the Fund's Net Asset Value composed of investments in companies is rated against the sustainability criteria. As a result of the application of sustainability criteria, at least 20% of the Fund's potential investment universe is excluded from the selection of investments.</p> <p>For the purposes of this test, the potential investment universe is the core universe of issuers that the Investment Manager may select for the Fund prior to the application of sustainability criteria, in accordance with the other limitations of the Investment Objective and Policy. This universe is comprised of fixed and floating rate securities denominated in various currencies and issued by companies worldwide, including emerging market countries. The universe (for the purpose of this test only) does not include fixed or floating rate securities issued by public or quasi-public issuers.</p>	<p>The Investment Manager applies sustainability criteria when selecting investments for the Fund.</p> <p>Issuers are assessed via an ESG and impact analysis, which consists of (1) screening against the International Finance Corporation Exclusion List; (2) an assessment of the issuer's performance on a range of ESG criteria, informed by both internal and external research; (3) an impact assessment of how a company is achieving its sustainable goals based on a proprietary tool and resulting in a rating; and (4) secondary opinion reports produced by third party data providers.</p> <p>Through this assessment, the Investment Manager selects bonds that it classifies as green or renewable in accordance with (1) the Green Bond Principles; and (2) its own impact assessment process. In order to identify bonds with a direct link to a UN SDG, the Investment Manager applies a two step approach:</p> <ul style="list-style-type: none"> • The first considers the extent to which the issuer's revenues, business activities, or the use of proceeds of a purpose bond contribute to an environmental objective. • The second is a detailed ESG and impact assessment of the company and/or bond (as applicable) via the completion of proprietary impact and ESG scorecards. The Investment Manager considers a range of ESG criteria and different aspects of impact such as: what outcome and UN SDGs the bond or company is contributing to; who is served by the outcome (such as the relevant stakeholder or industry); an assessment of our expected contribution (including the Investment Manager's influence and engagement); and consideration of impact risks. The assessment typically includes Key Performance Indicators (KPIs) that are used to

	<p>track the company's or the bond's positive contribution over time.</p> <p>The impact and ESG scorecards are validated and approved by the BlueOrchard Sustainability & Impact (S&I) team, in order for the company or bond to be eligible for inclusion in the Fund's investible universe. The S&I team is independent from the investment teams, and is responsible for the consistent application of impact and ESG assessments and scorecards and that all investments meet minimum ESG and impact ratings, as set out in BlueOrchard's ESG & Impact Policy.</p> <p>Due to the nature of its investments, and in particular the need for currency hedging, the Fund may also hold a portion of investments that the Investment Manager deems to be neutral under its sustainability criteria.
